3. Je vindt nu een overzicht van de cursussen waarvoor je bent ingeschreven. Waarschijnlijk is dat op dit moment alleen Data analyse en statistiek. Klik op de opdracht die je wilt inleveren.

The screenshot shows the 'ans' dashboard for a user named 'Hella Snoek'. The dashboard is divided into three main sections: 'Published assignments', 'Live assignments', and 'Scheduled assignments'. In the 'Live assignments' section, 'Module 1' is highlighted with a green box and a green arrow pointing to it. The 'Published assignments' section shows 'Assignment 4' as available. The 'Scheduled assignments' section lists 'Module 2', 'Module 3', and 'Module 4'. The left sidebar shows the user's profile and a list of courses, including '5092STDA3Y Data analyse en statistiek'.

4. Selecteer nu “upload file” – net zo lang tot je alle 5 bestanden die je voor module 1 moet inleveren hebt neergezet.

The screenshot shows the 'Upload' page for 'Module 1' of the course 'Data analyse en statistiek 5092STDA3Y 20/21 (Period 3)'. Problemen:

- Het lukt met niet om in te loggen met mijn uva-net id.
→ Heb je wel eerst de Universiteit van Amsterdam gekozen? Je hoort dan naar de bekende login omgeving van de UvA te worden doorverwezen. Vul dus **niet** je login gegevens direct op het welkomst scherm van ANS in.
